

# OPTIMIZE YOUR ORACLE EBS SHIPPING WITH SHIPCONSOLE

“ShipConsole has dramatically improved productivity by providing a simplified single user interface which integrates with our carriers and streamlines Oracle Shipping Execution. Our shipping departments rely heavily on this important tool which not only speeds up our process, but provides better reporting and tracking capabilities than existed prior to ShipConsole.”

James Barron  
Sr. Systems Analyst, Hologic, Inc.

## Mission

To optimize and simplify shipping and logistics at an affordable price.

**ORACLE**  
E-BUSINESS SUITE

ShipConsole's Oracle E-Business Suite shipping software is a cloud based, all-in-one shipping software. It is suitable for any business that wants to integrate Oracle EBS with Parcel Carrier Systems like UPS, FedEx, DHL, TNT and USPS and various LTL carriers. It optimizes multi-carrier online shipping, label printing, reporting and shipment tracking with instantaneous access to proof-of delivery documentation. It also includes features like rate shopping, freight quoting, international shipping with customs documentation, hazmat & dangerous goods support, and advanced analytics & reporting. ShipConsole is widely used by EBS customers looking to enhance their shipping experience.

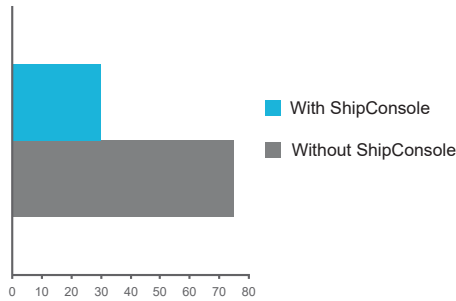

## The ShipConsole Solution

- Easily create shipments for deliveries in Oracle E-Business Suite and ship via parcel and LTL carriers
- Capture published and negotiated freight costs for both parcel and LTL carriers and automatically save them back to your Oracle database
- Complete ship confirm process in Oracle E-Business Suite with the click of a single button
- Ability to Ship Non-Oracle Sales Orders
- Automatically send shipment notifications to customers in a variety of formats suitable for many devices including mobile
- Access shipment status and proof-of-delivery documentation instantly
- Print all Oracle shipping documents and carrier labels from one screen
- Consolidate multiple deliveries into a single shipment
- Audit freight invoices to identify billing errors
- Reduce your transportation spending with Freight Shopping
- Verify addresses to eliminate delivery delays and additional service fees
- Screen for Denied Parties
- File export information electronically using AES Direct
- Print customs documentation or use paperless invoicing
- Analytics support better decision making
- Integrate with Oracle Transportation and Warehouse Management (OTM & WMS)

## Customer Survey Results

Average time to ship packages, print shipping labels and complete shipconfirm process in Oracle for a single delivery

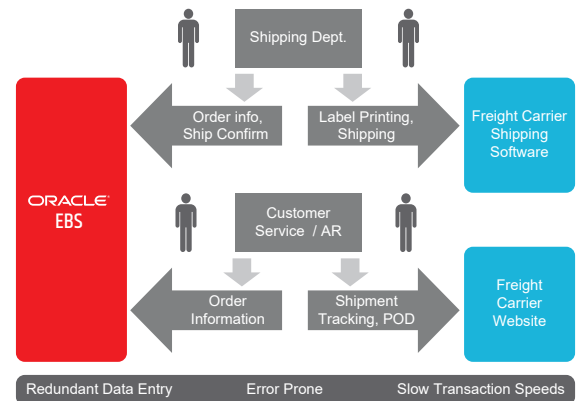

ShipConsole more than doubled productivity!

## Benefits of using ShipConsole

- Increase shipping productivity with one click shipping process
- Reduce data entry errors with Oracle EBS integration
- Simplify multi-carrier shipping with single platform
- Reduce transportation spend with Rate Shopping
- Identify billing errors using the Freight Audit Report
- Avoid delivery delays and additional fees with Address Validation
- Save on international shipments using AES Direct
- Enhance Customer Loyalty with integrated tracking and shipment notifications
