- Extensive network of parcel and LTL carriers
- Freight Quoting & Rate Shopping
- International Shipping with paperless invoicing
- AIS and Orchestrator based Integration
- Automatic update of freight costs and tracking numbers in JD Edwards
- Hazmat Documentation
- Ship Confirmation & Back Ordering
- Shipping Analytics
- Shipping Document Repository

Our Representative Customers

"ShipConsole stood out for its user-friendly interface, Oracle Integration, and successful navigation of all security checkpoints. The standout feature was the ease of creating our own business rules. Their Customer support was invaluable."

Madhavan Venkatesh,
Enterprise Architect, Breg

THE SHIPCONSOLE SOLUTION

Natively integrated with Oracle JD Edwards

ShipConsole Integrates Oracle JD Edwards with an extensive network of Parcel/Freight Carriers.

Advanced Shipping Capabilities

More than Multi-Carrier shipping, ShipConsole offers employee and mailroom shipping, inbound package tracking, and E-sign BOL.

Flexible and Scalable

Scalable for growth and expansion to additional warehouse locations.

BENEFITS OF SHIPCONSOLE

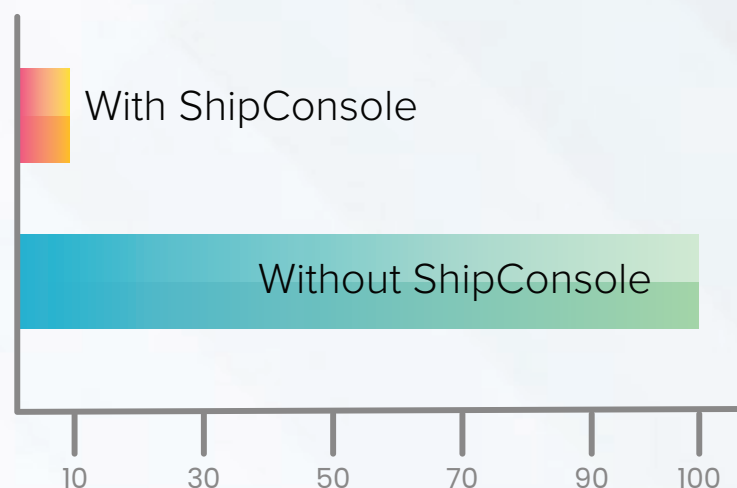

- Increase shipping productivity with one click shipping process
- Simplify Multi-Carrier, Multi-Modal shipping with single platform
- Reduce transportation spend with Rate Shopping
- Enhance Customer Loyalty with integrated tracking and shipment notifications
- Simplify International Shipping with paperless invoicing, customs documentation & ACE Integration
- Drive efficiency and cost savings with actionable analytics
- Avoid delivery delays and additional fees with Address Validation
- Identify billing errors using the Freight Audit Report

SIMPLIFY INTERNATIONAL SHIPPING

ShipConsole seamlessly integrates with Oracle JD Edwards EnterpriseOne and automatically pulls all the commodity information necessary for customs documentation such as the commercial invoice. This eliminates the need to manually type in commodity data such as harmonized codes and customs values. ShipConsole also supports paperless invoicing and other international shipping options.
