BENEFITS OF SHIPCONSOLE

- Increase shipping productivity with one click shipping process
- Simplify Multi-Carrier, Multi-Modal shipping with single platform
- Reduce transportation spend with Rate Shopping
- Enhance Customer Loyalty with integrated tracking and shipment notifications
- Simplify International Shipping with paperless invoicing, customs documentation & ACE Integration
- Drive efficiency and cost savings with actionable analytics
- Avoid delivery delays and additional fees with Address Validation
- Identify billing errors using the Freight Audit Report

SIMPLIFY INTERNATIONAL SHIPPING

ShipConsole seamlessly integrates with Oracle EBS Shipping and automatically pulls all the commodity information including harmonized codes which eliminates the need to manually key in all the shipping information into carrier systems.
